Wicked Fox

By Kat Cho

Wicked Fox Book

A fresh and addictive fantasy-romance set in modern-day Seoul.

Wicked Fox Theater

Eighteen-year-old Gu Miyoung has a secret--she's a gumiho, a nine-tailed fox who must devour the energy of men in order to survive. Because so few believe in the old tales anymore, and with so many evil men no one will miss, the modern city of Seoul is the perfect place to hide and hunt.

Wicked Fox Theater St Louis

But after feeding one full moon, Miyoung crosses paths with Jihoon, a human boy, being attacked by a goblin deep in the forest. Against her better judgment, she violates the rules of survival to rescue the boy, losing her fox bead--her gumiho soul--in the process.

Wicked Fox Kirkus

Jihoon knows Miyoung is more than just a beautiful girl--he saw her nine tails the night she saved his life. His grandmother used to tell him stories of the gumiho, of their power and the danger they pose to humans. He's drawn to her anyway.

Wicked Fox Pre Order

With murderous forces lurking in the background, Miyoung and Jihoon develop a tenuous friendship that blossoms into something more. But when a young shaman tries to reunite Miyoung with her bead, the consequences are disastrous . . . forcing Miyoung to choose between her immortal life and Jihoon's.

Reading this was a dream come true. A young adult urban fantasy set in Seoul? My heart ㄷㄷ—. And it was everything that I wanted a more.

I absolutely loved the Korean mythology and it was perfectly woven into the story. The characters? Amazing. I love them and the relationships that were formed. My heart also broke for them. I'll talk about it more in my wrap up, but GET EXCITED FOR THIS! This comes out 25 June!

Thank you so much Penguin Random House for providing me with an ARC! I am eternally grate

Wicked Fox Excerpt

A girl who kills to survive.

A boy captured by goblins, saved by a killer.

A choice - an immortal existence for a single human life.

Don't know about you, but I have high hopes for this one. I love that it's centered on Korean mythology set in the modern world - this is going to be amazing!

My mom thinks my life isn't very busy right now but she doesn't understand that I have plenty new releases to read, and a book grounded in Korean mythology is on top of that list!

dear kat cho, when will the cover for this be revealed? i'm predicting something to look like it came out of a kdrama or a korean webtoon or korean comics or something that fits the description of the book, like the whole korean mythology set in modern day seoul aspect. i'm just . . . trying to stay as patient as i can.
