Harry Potter and the Goblet of Fire

By J.K. Rowling

Harry Potter And The Cursed Child

Harry Potter is midway through his training as a wizard and his coming of age. Harry wants to get away from the pernicious Dursleys and go to the International Quidditch Cup. He wants to find out about the mysterious event that's supposed to take place at Hogwarts this year, an event involving two other rival schools of magic, and a competition that hasn't happened for a hundred years. He wants to be a normal, fourteen-year-old wizard. But unfortunately for Harry Potter, he's not normal - even by wizarding standards. And in his case, different can be deadly. --back cover

Don't mind me, just crying my eyes out.

This was WAY better than I remember it being, and I remember it being pretty darn good. J.K. Rowling is a writing goddess and I can't believe how much foresight and planning went into this series. She already hints at the horcruxes and many other things in this book that don't show up until much later. Definitely one of my favorites in the series (but I say that about all of them)!

Harry Potter And The Cursed Child Sf

Um. Wow. Yeah. That was freaking FANTASTIC!!!! Probably my favorite so far, just wow oh my gosh.....WHAT EVEN!! I feel empowered and sad at the same time (sad because...you know). 5/5 stars of course!

This series has taken a damn TURN!

Watch my video review here: <https://www.youtube.com/watch?v=AEqu8...>

Harry Potter And The Goblet Of Fire

One of my favorites in the series.

The ending always gets to me and breaks my heart.

I seriously have no idea why I still review these books when I have nothing new to say. I mean... J.K. Rowling is perfect. This series is perfect. And I dream day & night of going to Hogwarts. So what I'm going to do is, I'm going to show you how I felt about this book:

When I started the book:

During the book:

At the end:

Umm.. Mam Rowling..

All in all

Sorry for the lame review, readers. I just really don't know what to say..

Harry Potter And The Chamber Of Secrets

(A) 86% | Extraordinary

Notes: After a steady build, the series hits its stride. Deep and layered, it goes down smooth, never seeming overly complex.

This was the beginning of my addiction to POTter. I had previously experimented with and enjoyed POTter on 3 different occasions, but could easily have walked away and never touched the stuff again. Then, under some pressure from some POTterHEAD peers of mine, I tried the newest blend called the Goblet...and everything changed. As the warm, easy, potato chip prose crossed my blood-brain barrier, euphoria ensued. My inner child was smitten.

I...was...hooked and I...was...happy.

Ignore the so-call This was the beginning of my addiction to POTter. I had previously experimented with and enjoyed POTter on 3 different occasions, but could easily have walked away and never touched the stuff again. Then, under some pressure from some POTterHEAD peers of mine, I tried the newest blend called the Goblet...and everything changed. As the warm, easy, potato chip prose crossed my blood-brain barrier, euphoria ensued. My inner child was smitten.

I...was...hooked and I...was...happy.

Ignore the so-called "experts" who say POTter is brain cell killing pap. Donâ€™t listen to those jaded, book snobby squares. Most of them are wound so tight they wouldnâ€™t know a good book if it sat on their face and wriggled.

POTter makes you feel good. POTter makes you smile. POTter makes you joyous and giggly. Hell, POTter makes you want to use the word giggly.

POTter is enjoyable and fun. That's enough for me.

So what made the Goblet so much more addicting than the rest of the POTter I had tried. Part of it was that I had already seen the movies (up through Order of the Phoenix) before I got my hands on genuine POTter. The first 3 were fun but I felt like I had already "been there done that" as they were pretty faithfully adapted for the screen. Still enjoyable, but not enough to put the POTter monkey on my back.

Then came the Goblet of POTter and it was a big, huge, tightly-rolled fatty at 750 pages. The cut, diluted movie strain couldnâ€™t hope to be as potent as the primo original and the story was finally given the room to breathe and take on an epic feel. It was completely addictive. The world-building details started coming fast and furious and the characters were given considerably increased depth. Add that to

Harry Potter and the Goblet of Fire

Rowling's breezy, ear friendly prose and I found myself spaced out for hours turning the pages and still hungering for more.

It's high praise indeed when I say that 750 pages did not contain a single dull, ploddy moment. This was fun and wonderful and a pleasure to experience. It deserves to be recognized for the iconic work that it is in the realm of YA fantasy.

Is it popcorn? Certainly.

Is it a joy to read? Definitely.

Is it one I HIGHLY RECOMMEND to all lovers of feel good, comfort food? YES.

5.0 stars.

Winner: Hugo Award for Best Science Fiction Novel (2001)

Nominee: Locus Award for Best Fantasy Novel (2001)

Nominee: Bram Stoker Award (YA) for Best Novel (2001)

Harry Potter And The Half Blood Prince

Re-Read in December 2014 for Harry Christmas To You

SO I HAVE A FEW NOTES ON THIS ONE:

-at the beginning, Voldemort says to Wormtail, "I will allow you to perform an essential task for me, one that many of my followers would give their right hands to perform..." OMG J.K. ROWLING FORESHADOWS EVERYTHINGGGG

-when the Weasley men come to Privet Drive through the Dursleys' fireplace is just.... priceless. Yet ANOTHER scene that I wish had made it into the movie.

-We get to meet Bill in this book (way e Re-Read in December 2014 for Harry Christmas To You

SO I HAVE A FEW NOTES ON THIS ONE:

-at the beginning, Voldemort says to Wormtail, "I will allow you to perform an essential task for me, one that many of my followers would give their right hands to perform..." OMG J.K. ROWLING FORESHADOWS EVERYTHINGGGG

-when the Weasley men come to Privet Drive through the Dursleys' fireplace is just.... priceless. Yet ANOTHER scene that I wish had made it into the movie.

-We get to meet Bill in this book (way earlier than in the movies, I might add), and Mrs. Weasley is very disapproving of how Bill looks. I love that Bill stood up for himself and was like NOBODY GIVE AN F HOW I LOOK, AND NEITHER DO I!!!!. It was a nice thing to throw in there.

-Dobby is also in this book more, and seeing how different he is was really fun.

-Harry and Ron fighting made my heart hurt so much.

-All of the drama at the Yule Ball just made me SQUEEE because it's so obvious that Ron and Hermione like each other and they just don't want to admit it and GAH. THE FEELS.

-I also love how much Hermione stands up for what she believes in, which you can particularly see in this book. She wants justice for the house-elves, she won't let Ron get away with being an idiot (like when he says he just wants a pretty girl to go to the ball with), and she is especially confident in this book as well. Malfoy and many other people are constantly teasing her, but she is completely above it, and for that I admire her.

Harry Potter and the Goblet of Fire

-WHEN HARRY IS LISTENING TO HAGRID AND MADAME MAXIME AND HE SEES THE BEETLE? IMAGINE IF HE HAD JUST STEPPED ON IT? WOULDN'T THAT HAVE BEEN GREAT?

-I completely forgot about the part where Harry sees Barty Crouch on the Marauders Map! He was so close to finding out something big, but then things got crazy and he didn't, but WHOA. SO CLOSE.

-Cedric's death hit me a lot harder than it ever has before... He was such an amazing person, and I wish that he could have survived so him and Harry could have been buddies.

-VOLDEMORT FORESHADOWS HORCRUXES IN THIS BOOK. TWO MORE BOOKS UNTIL HARRY ACTUALLY LEARNS THOUGH.

ok so I think it's safe to say that this is one of my favorites in the series for sure. Probably in the top 3.

«The villagers of Little Hangleton still called it «the Riddle House», even though it had been many years since the Riddle family had lived there» Maybe this time I was out of line with the bedtime reading to my daughter, not so much for the size of the book, but for its darker content compared to the previous ones. Towards the end of this fourth book in the Harry Potter series, my little girl had difficulty falling asleep. I had to defuse the situation. The Quidditch World Cup is coming, and Harry, Ron and Hermione have the chance to watch the final round, before the start of the new school year. This time problems start even earlier than the end of the summer vacation, far from the walls of Hogwarts... Many pages, many events, the new Defense Against the Dark Arts teacher, the Triwizard Tournament, the tasks to face. There is always something to understand, some mystery to unveil. Great food for our "potterian" curiosity. But be warned, Dumbledore warns us: «Curiosity is not a sin. But we should exercise caution with our curiosity...» Caution... easy to say! Vote: 9

«Gli abitanti di Little Hangleton la chiamavano ancora Casa Riddle, anche se erano passati tanti anni da quando i Riddle ci abitavano» Forse stavolta ho esagerato con la lettura serale per mia figlia. Non tanto per la mole, quanto per il contenuto, più cupo dei precedenti. Verso la fine di questo quarto libro della serie, la mia bambina aveva difficoltà ad addormentarsi. Ho dovuto sdrammatizzare non poco. La Coppa del Mondo di Quidditch è alle porte, ed Harry, Ron ed Hermione hanno la possibilità di vedere

Harry Potter and the Goblet of Fire

dal vivo la finale, prima dell'inizio del nuovo anno scolastico. Questa volta i problemi si presentano ancor prima della fine delle vacanze estive, lontano dalle mura di Hogwarts... Pagine dense di eventi e di nuove conoscenze, tra cui il nuovo insegnante di Difesa dalle Arti Oscure. E poi il Torneo Tremaghi, e le prove da affrontare. C'è sempre qualcosa da capire, qualche mistero da svelare. Ottimo cibo per la nostra "potteriana" curiosità. Attenzione però, Silente ci avverte: «La curiosità non è un peccato. Ma dovremmo andarci cauti, con la curiosità...» Cauti... È una parola! Voto: 9 ...more

Harry Potter And The Order Of The Phoenix

“Differences of habit and language are nothing at all if our aims are identical and our hearts are open.”

There are so many chapters and characters and details that make this book special. Here are some of my favourites:

1. S.P.E.W.
 2. Hermione in every scene ever
 3. The house elves and the kitchen scenes (I'm honestly so in love with the kitchens. Every time they tickle the pear in the portrait I get all excited)
 4. Durmstrang and Beauxbatons
 5. The Yule Ball and the fact that Harry thinks Hermione is a girl he's never seen before
- “Differences of habit and language are nothing at all if our aims are identical and our hearts are open.”

1. S.P.E.W.
2. Hermione in every scene ever
3. The house elves and the kitchen scenes (I'm honestly so in love with the kitchens. Every time they tickle the pear in the portrait I get all excited)
4. Durmstrang and Beauxbatons
5. The Yule Ball and the fact that Harry thinks Hermione is a girl he's never seen before
6. The fact that Ron has a huge crush on Krum while Hermione stays utterly unimpressed and as soon as Krum takes her to the ball the situation changes, Hermione likes Krum and Ron rips him (well, miniature him) apart
7. Harry's fight with Ron. Not because I enjoy them fighting but because Jo perfectly captures the feeling of anger and frustration that I have everytime I'm in a similiar situation.
8. The Wonky Feint. I'm still laughing.
9. Rita Skeeter's reports. I love to hate her.
10. Severus Snape cold bloodedly claiming he can't see a difference when Hermione's teeth are half a metre longer than usual. This incredible man.
11. Molly Weasley being such a good mom to Harry. Got tears in my eyes just thinking about it.
12. Hermione's triumph over a vicious beetle.

Still, the book is not my favourite in the series, the reason being the horrible graveyard scene in the end. It's just a little too much to take for my poor Potter heart.

Reread done for #AdamRereadsHP! GOBLET OF FIRE is definitely work and I could've done for a lot of

Harry Potter and the Goblet of Fire

cutting. One of the things I admire most about this series is the way J.K. Rowling can speed through a year in under 300 pages. And GOBLET is twice that length and it didn't always feel justified. I shouldn't complain because more time in this world is MORE TIME IN THIS WORLD, and it's all very realized, but the pacing still felt off. (I really, really could've done without the Quidditch World Cup. Reread done for #AdamRereadsHP! GOBLET OF FIRE is definitely work and I could've done for a lot of cutting. I shouldn't complain because more time in this world is MORE TIME IN THIS WORLD, and it's all very realized, but the pacing still felt off. (I really, really could've done without the Quidditch World Cup.) When I first read this novel when I was 13 going on 14, I took a break for MONTHS. And the same thing happened during this reread as a 28-year-old. I think it was around the same part too. But once you get to the Third Task, it all picks up. This last fourth of the novel has always been my favorite. Voldemort's return! That scene with the Death Eaters! Harry vs. Voldemort! Moody isn't Moody! Rita Skeeter exposed! It's all wonderful. GOBLET isn't my favorite in the series, but it's still pretty damn magical. ...more

Harry Potter And The Deathly Hallows

It might take me 2 more years to finally make it through this series, but whatever...it's called savoring, people lol...

I loved this so much. It's truly incredible to see how Rowling created one of the most fascinating fantasy worlds and allowed it to mature with it's readers as the series continues on. My favorite installment yet and I can't wait to continue on! Also, all the tears. :(

Harry Potter And The Prisoner Of Azkaban

I have no idea why this didn't show as being read but who cares. It's Harry Potter and I can reread and listen to them forever!!

Mel ðÿ-ðÿ•¾ðÿ•°

Best one so far!

"Remember, if the time should come
when you have to make a choice
between what is right and what is easy,
remember what happened to the boy
who was good, was kind, and brave,
because he strayed across the path of Lord Voldemort.

Remember Cedric Diggory."

Harry Potter And The Sorcerer's Stone

4.5 stars

I really don't think I need to tell y'all that I loved this because I've been raving about this series since the moment I started it back in January but for the sake of clarity - I love this.

I believe everyone (even people that have no attachment to it at all) has a Harry Potter story under their belt. Whether it be the story of their first time reading it or the time they convinced everyone in their family to dress up as the Weasley's or when their Potterhead teacher made them play 4.5 stars

I really don't think I need to tell y'all that I loved this because I've been raving about this series since the moment I started it back in January but for the sake of clarity - I love this.

I believe everyone (even people that have no attachment to it at all) has a Harry Potter story under their belt. Whether it be the story of their first time reading it or the time they convinced everyone in their family to dress up as the Weasley's or when their Potterhead teacher made them play Quidditch in gym class, everyone has some kind of HP story they whip out at dinner parties - this is mine.

Back in my early teens, after a childhood of ignoring the wizarding craze under the guise of my idiot-self being too sophisticated for magic (yes, 8-year-old Grace was an asshole - that isn't the story) I was a camp counsellor. But I wasn't a counsellor at any ordinary camp, oh no, I was a counsellor at a theatre camp. Each year we would put on a different musical and the year I was 15 it was decided we would do a child-friendly, dumbed down version of the Goblet of Fire, complete with all your favourite musical numbers stolen straight from A Very Potter Musical.

I played James Potter, helped countless kids memorize their lines, choreography and ten musical numbers and yet the only plot points I picked up of the entire musical was the Yule Ball and (view spoiler)[Cedric Diggory's death. (hide spoiler)]

The whole time I was reading this book - 5 years later - all I could think about was that musical and what I knew was coming because of it. I was worried the entire novel and utterly heartbroken once it actually happened - 5 years of build up to finally understanding what was happening in this book and I'd say It was 100% satisfying.

This book is masterful; it is the book where everything changes and you feel it with every flip of the page. It maintained the classic spirit of books 1-3 while perfectly balancing the added stakes and darkness. Also, like every other installment the way everything that is revealed at the end answers all your questions and puts all the more new ones straight back into your head was just as satisfying as it was the first three books and it was perfection. I want to curse 8-year-old Grace for being an idiot and 15-year-old Grace for not paying attention at work because, boy oh boy, do I wish I read this series

sooner. ...more

I remember the first time I read this!

I'd just started a real crappy job that I came to hate. I'd dropped out of university after my first year because my degree in psychology was a terrible choice, I seemed to be making more enemies than friends through life, but none of that mattered because I was reading a great series of books. I had something to look forward to every day when I really needed it.

The point is books are escapism and fantasy books particularly so. As I got my shit together, I remember the first time I read this!

I'd just started a real crappy job that I came to hate. I had something to look forward to every day when I really needed it.

The point is books are escapism and fantasy books particularly so. As I got my shit together, this book helped me move on and get through life as so many other books have since.

As Harry, Ron and Hermione entered their fourth year of Hogwarts, arguably their most challenging and intense year yet, I checked my mail box to see if my invite had finally arrived.

It hadn't.

It still hasn't.

Maybe one day.
